

PROFILE

Undergraduate ICT student specializing in Cybersecurity and Digital Forensics, with extensive hands-on experience through academic projects, labs, CTFs, and certifications. Solid foundation in incident analysis, defensive security tools, and Windows forensics.

SOFT SKILLS

- **Focus under pressure** – Deliver quality results in high-stress environments.
- **Time Management** – Meet tight deadlines consistently.
- **Decision-making** – Prioritize tasks to achieve outcomes.

HOBBIES

Chess
Security Research
Coding / Programming
Photography

BOUTROS BOUTROS

+961 78 944 363 – juniorboutros@gmail.com
Cybersecurity | DFIR | Defensive Security

EDUCATION

American University of Science and Technology – Information & Communication Technology

2021 – Graduating 2026
Emphasis on Cybersecurity

Sagesse Technical Institute – Technical Baccalaureate (BT3)

2019 – 2021
Information Technology specialization

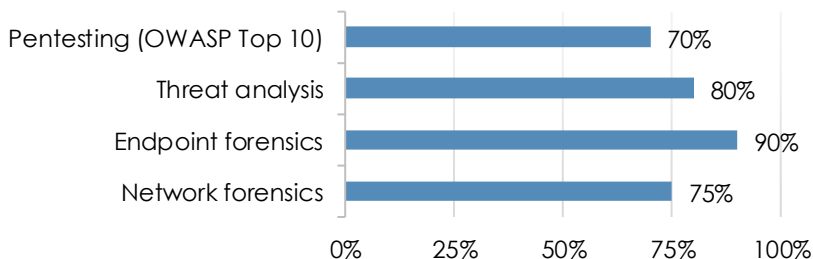

WORK EXPERIENCE

Python Programming Instructor (Freelance)

October 2022 – October 2024

- Helped students pass coursework by focusing on both foundational and advanced topics (socket programming, web scraping, and multithreading).
- Designed reusable lesson material.
- Discussed learner career prospects in the programming field.
- Improved learner critical thinking skills.

CYBERSECURITY & DFIR SKILLS

ACHIEVEMENTS

- Placed in the **Top 20** globally out of 1,192 participants in Belkasoft's 2025 international 48-hour Digital Forensics Capture the Flag competition, representing AUST.
- Competed in Hack the Box's international University CTF in December 2025, securing **first place nationally** in Lebanon and achieving a global ranking of #212.
- Conducted a Windows 11 forensic investigation on an E01 disk image, identifying deleted artifacts, orphan files, registry hives, and user activity timelines using Autopsy, RegRipper and Registry Viewer. Documented findings following forensic methodology.

LANGUAGES

Arabic	Native
English	Full expert proficiency
French	Intermediate

MS Office Suite: PowerPoint: Expert | Word: Expert | Access: Expert | Visio: Intermediate | Outlook: Novice | Excel: Novice.

Technical Skills:

- **Tools & Scripting:** Burp Suite, Metasploit, John the Ripper, Hash cat, Nmap, Netcat, Ettercap, Wireshark, TCPDump, Shodan, OSINT Framework, Aircrack-ng suite.
- **Offensive Security:** Web & Network Pentesting, Mobile Pentesting, (Android/iOS), LLM Security (Prompt Injection).
- **Digital Forensics:** Autopsy, Magnet AXIOM, FTK Imager, Registry Viewer, Reg Ripper, Log2timeline, Plaso, Scalpel, EnCase, Redline, Volatility.
- **DevOps & Version Control:** Git, GitHub, GitLab.
- **Virtualization:** VirtualBox, VMware.
- **Operating Systems:** Windows, Linux (Kali, Ubuntu, Metasploitable).
- **Networking:** Cisco Packet Tracer, VLAN Segmentation.
- **Data & Disaster Recovery:** Disk Drill, Active Data Studio.

CERTIFICATIONS

Apr 2026	- Fortinet NSE Level 3: Certified Associate
July 2025	- CCNA 3: Enterprise Networking, Security, & Automation
June 2025	- SOC Radar – Cyber Threat Intelligence Analyst
Dec 2024	- Cisco Ethical Hacker
Sep 2024	- Cisco Network Technician Career Path - arcX Cyber Threat Intelligence Analyst
Aug 2024	- Cisco Cybersecurity Analyst Career Path
Jul 2024	- Huawei HCIA – Security V4.0 - SOC Radar – Fundamentals of Dark Web
June 2023	- CCNA 1: Introduction to Networks - CCNA 2: Switching and Routing Essentials
Feb 2022	- Cisco IT Essentials: System Hardware Fundamentals

EXTRACURRICULAR

2025 – Present	Member of AUST Official Chess Club
2022	Chess play-offs (lichess.org & chess.com)
2013 – 2016	Lebanese National Higher Conservatory of Music – Solfege (oriental & occidental) and “Darbuka”
